Subject FW: Linnton Plywood Assn - 5/29/09 Early Determination
Request

Lori and Kristine: It was good to talk with Lori about our meeting in your offices in Seattle next Monday the 13th at 9:30am. Among the agenda items are consideration of issues you have identified relative to our request. Any outline or identification of those this week would help us to prepare to discuss them. Lori you referred to some possible data needs or gaps that Kristine may have identified; a description of those would afford us an opportunity to develop and bring our responses.

As we discussed Lori, a gantt chart might help in our consideration of intermediate steps in and the conceptual timetable for this process. Would you please let us know of the dates you are projecting for the availability of the [Risk Assessment](#), RI, and the FS and any other similar milestones. Lori, you indicated a regional management level meeting would occur Wednesday and I hope you will let us know of any results from that of which we should be aware.

[We](#) look forward to hearing from you and to seeing each of you next week. Thank you.
